

'Accelerating Transition'

Where We're At and What Needs to Change to Take Indigenous Clean Energy to the Next Level in BC and Canada

October 2020

Seven Stories of Prominence

- 1... Projects in Every Region of the Country
- 2... Cumulative Impact – Now Over Two Decades
- 3... A Testament to Community Leadership
- 4... Power of Partnerships
- 5... Critical Importance of Good Energy Policy
- 6... Opportunities Continually Shifting
- 7... Canada's Most Powerful Clean Energy Community

The Full Economic Potential of Indigenous Clean Energy – Has Yet To Be Realized

The Numbers Keep Adding Up

197 Medium to Large Renewables Projects

1,200 – 2,200 Small Renewable Projects

72 BioEnergy Projects

19 Major Transmission Projects

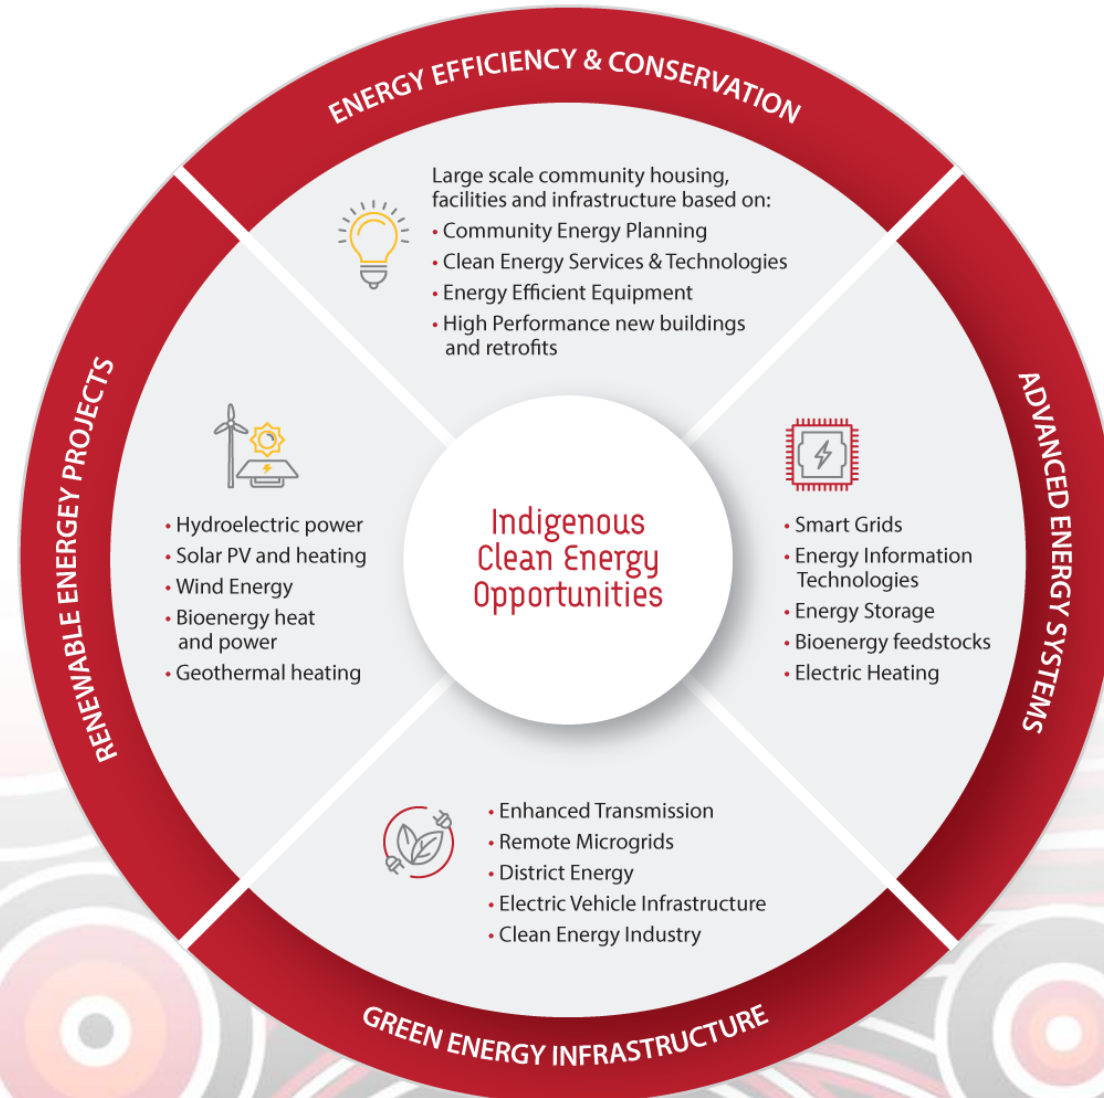

127 Energy Efficiency Projects

BC First Nations Reality - Past & Present

- *A Tale of Two Eras: 2005-2016 & 2017 to Now*
- *What Worked & What Was Off in 2005-2016*
- *With Site C – There is No BC Clean Energy Future*
- *There's a Disconnect – Between Policy & Practice*
- *Approach for Remote Diesel Replacement Ineffective*

A Spectrum of Opportunities
